# 7.7 Threat: Natural system modifications

---

Based on the collated evidence, what is the current assessment of the effectiveness of interventions for natural system modifications?	
No evidence found (no assessment)	<ul style="list-style-type: none"><li>• Use prescribed burning within the context of home range size and use</li><li>• Protect important food/nest trees before burning</li></ul>

## No evidence found (no assessment)

We have captured no evidence for the following interventions:

- Use prescribed burning within the context of home range size and use
- Protect important food/nest trees before burning.
